SUBJECT: Administrative Record Index - Arkwood, Inc.

CSC

I am forwarding the updated Index for the Arkwood, Inc. Administrative Record for your approval. Upon your approval please forward the index to Regional Counsel for approval.

Please note the index document numbers 07-0035, 36, 87, and 88 are presently indicating a document qualifier of potentially confidential information. Guidance and direction as to the final condition of qualification of these referenced documents is sought from either yourself or Regional Counsel. At present, these documents are stamped "Company Confidential".

Upon approval, a final index will be produced to correct the reverse placement of index numbers 07-0108 and 0107, in order to place them in the proper sequence.

Upon your acceptance of the Administrative Record Index, the documents indicated will be numbered to reflect the Index and the site repository copy generated. Thank you for your support during this project.
